Topic 1

Eco-Schools Topic	Waste
Aim Write a short explanation of what you hope to achieve.	To continue with the legacy plan we have from Waste Warriors
Action(s) Add actions you are going to take/projects you will deliver to achieve your aim. Include delivery dates to set yourself a timeline.	- Eco team will create a video to show younger children how to use cutlery and put on seesaw for families to use. - Weekly eco team 'waste warriors' will encourage other children in the hall to try new foods, clear their plate and what/ how much to take from the salad bar - Breakfast club 'crust champions' will encourage children to eat their crusts and not waste their toast. Stickers are given as an incentive.
Informing & Involving Explain how you are going to promote your activities and involve your school community.	Assemblies/ poster on eco wall/ seesaw posts
Monitoring & Evaluation Consider how you will monitor the impacts of your projects and evaluate their success.	Monitor the children's waste and a snap survey for clear plates and no crusts in Autumn term and in Summer term. Monitor how well children are using cutlery correctly during the snap survey.
