

Distance Learning

Sometimes when schools are closed, I need to do something called distance learning.

Distance learning means I do my school work at home. I will not go to school.

There are many ways to do my learning at home. I might read a book, write my work out, use my Ipad or go on SeeSaw.

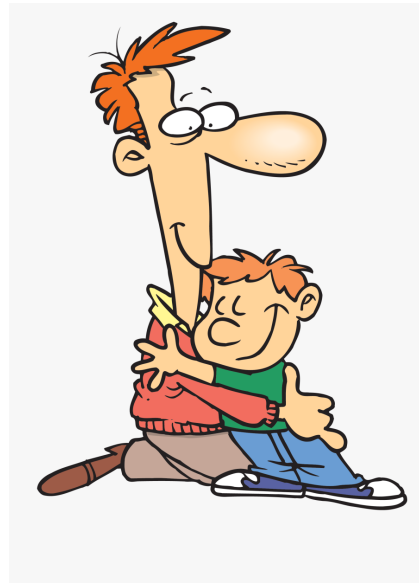

My family or an adult will help me to do my school work at home.

I might do other activities when I am home like painting, playing with my toys, planting or baking.

Distance learning is different. I have never done it before. I can try my best and that will make my parents proud.

It is important I try to help my family members. This is new for my whole family and they are all doing their best.

My family and my teachers aren't sure how long distance learning will last. I know they will tell me when I can go back to school.

When I return to school, I will go back into my school building. I will see my teachers and friends.
